1. Introduction

We are an engineering company established in Alexandria - Egypt; the prime objective of the firm is to provide professional consultancy services in all aspects of Electrical and Mechanical Engineering for Commercial, Residential, Institutional, Healthcare, Governmental, and Industrial applications. The firm has successfully engineered a wide range of projects throughout the Middle East, Africa, and Arab Gulf region mainly in Egypt, Tanzania, Algeria, UAE, KSA, and Libya. Personnel of the firm have extensive experience in engineering design and the ability to respond to the immediate and challenging demands of today's building designs.

A. Prime Data:

- **Name:** MAS Engineering Consultant.
- **Address:** 115 Lavison St., Bulkely, Alexandria, Egypt.
- **Chairman:** Cons. Eng. Mohamed Abd Allah Sleam.
- **Tel. & Fax:** +2 03 5465484
- **Mobile:** +2 012 26100804 & +2 010 33403369
- **E-mail:** mas-consultant@hotmail.com
- **Web Site:** www.masconsultant.net

B. Team Work:

1- Electrical Division Team Work:

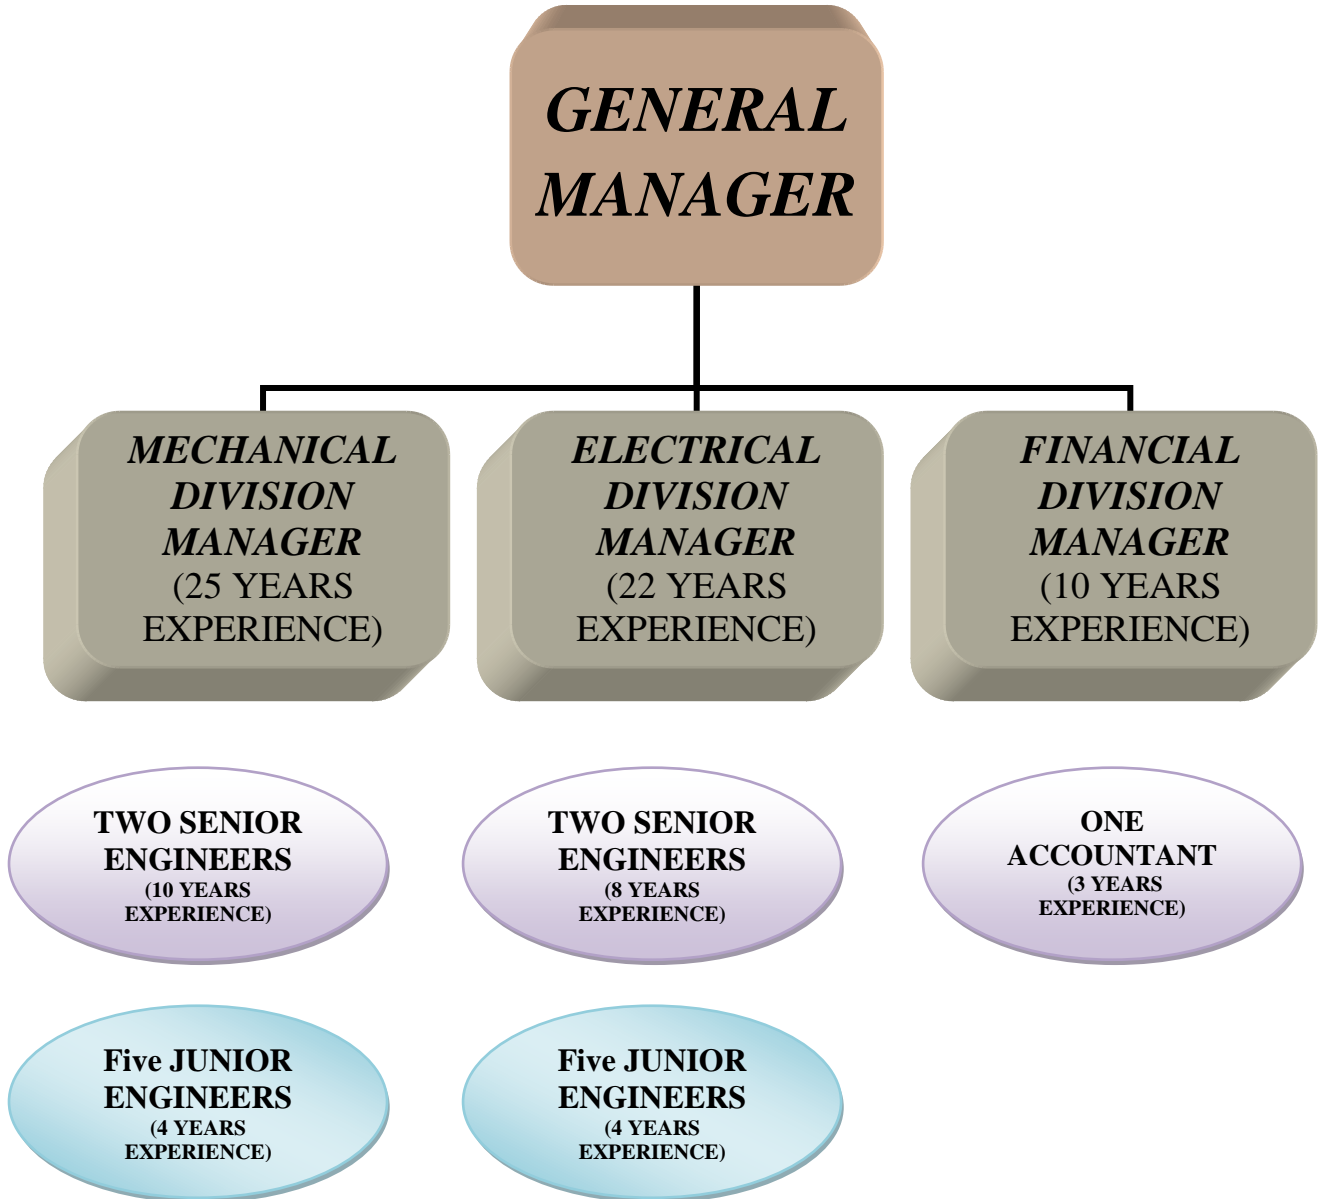

- Electrical Division Manager: 22 Years Experience.
- Two Senior Engineers: 8 Years Experience.
- Five Junior Engineers: 4 Years Experience.

2- Mechanical Division Team Work:

- Mechanical Division Manager: 24 Years Experience.
- Two Senior Engineers (Sanitary & Mech.): 10 Years Experience.
- Five Junior Engineers: 4 Years Experience.

2. Company Profile:

3. Engineering Services

The Engineering services offered by **MAS Engineering Consultant** include all the Electro-mechanical aspects for all types of engineering projects, include the following items:

A. General Engineering Services:

- Feasibility Studies
- Investigative Reports
- Conceptual Design
- Cost Estimate and Analysis
- Production of Specifications & Bill of Quantities
- Bid Evaluation and Recommendations
- Contract Negotiations
- Detail Design and Working Drawings
- Project Management & Time schedule
- Supervision and Site Management

B. Electro-Mechanical Works:

- Air Conditioning and Ventilation Systems
- Water Distribution Networks & pump stations
- Drainage Systems
- Fire Protection and Suppression Systems
- LPG and Natural Gas Distribution Systems
- Medical and Laboratory Gases Systems
- All Electrical Systems (Power, Lighting, Fire Alarm, Sound System, Security System, Access Control, CCTV, MATV, Computer Networks, Telephone Networks, ... etc.)

C. Project Types:

- Commercial & Residential Buildings
- Housing Complexes
- Hotels
- Educational Facilities
- Hospitals

- Shopping Centers & Malls
- Resorts
- Palaces
- Sports Facilities and Stadiums
- Food Processing Factories
- Industrial Factories

4. Ethics Policy

A. Overview:

MAS Engineering Consultant purpose for this ethics policy is to establish a culture of openness, trust and integrity in business practices. Effective ethics is a team effort involving the participation and support of every MAS Engineering Consultant employee. All employees should familiarize themselves with the ethics guidelines that follow this introduction.

MAS Engineering Consultant is committed to protecting employees, partners, vendors and the company from illegal or damaging actions by individuals, either knowingly or unknowingly. When MAS Engineering Consultant addresses issues proactively and uses correct judgment, it will help set us apart from competitors. MAS Engineering Consultant will not tolerate any wrongdoing or impropriety at any time. MAS Engineering Consultant will take the appropriate measures act quickly in correcting the issue if the ethical code is broken. Any infractions of this code of ethics will not be tolerated.

B. Purpose:

Our purpose for authoring a publication on ethics is to emphasize the employee's and consumer's expectation to be treated to fair business practices. This policy will serve to guide business behavior to ensure ethical conduct.

C. Scope:

This policy applies to employees, contractors, consultants, temporaries, and other workers at MAS Engineering Consultant, including all personnel affiliated with third parties.

D. Policy:

D.1. Executive Commitment to Ethics:

- Top brass within **MAS Engineering Consultant** must set a prime example. In any business practice, honesty and integrity must be top priority for executives.
- Executives must have an open door policy and welcome suggestions and concerns from employees. This will allow employees to feel comfortable discussing any issues and will alert executives to concerns within the work force.
- Executives must disclose any conflict of interests regard their position within MAS Engineering Consultant.

D.2. Employee Commitment to Ethics:

- **MAS Engineering Consultant** employees will treat everyone fairly, have mutual respect, promote a team environment and avoid the intent and appearance of unethical or compromising practices.
- Every employee needs to apply effort and intelligence in maintaining ethics value.
- Employees must disclose any conflict of interests regard their position within MAS Engineering Consultant.
- Employees will help MAS Engineering Consultant to increase customer and vendor satisfaction by providing quality products and timely response to inquiries.

D.3. Company Awareness:

- Promotion of ethical conduct within interpersonal communications of employees will be rewarded.
- **MAS Engineering Consultant** will promote a trustworthy and honest atmosphere to reinforce the vision of ethics within the company.

D.4. Maintaining Ethical Practices:

- **MAS Engineering Consultant** will reinforce the importance of the integrity message and the tone will start at the top. Every employee, manager, director needs consistently maintain an ethical stance and support ethical behavior.
- Employees at MAS Engineering Consultant should encourage open dialogue, get honest feedback and treat everyone fairly, with honesty and objectivity.
- MAS Engineering Consultant has established a best practice disclosure committee to make sure the ethical code is delivered to all employees and that concerns regarding the code can be addressed.

D.5. Unethical Behavior:

- **MAS Engineering Consultant** will avoid the intent and appearance of unethical or compromising practice in relationships, actions and communications.
- MAS Engineering Consultant will not tolerate harassment or discrimination.
- Unauthorized use of company trade secrets & marketing, operational, personnel, financial, source code, & technical information integral to the success of our company will not be tolerated.
- MAS Engineering Consultant will not permit impropriety at any time and we will act ethically and responsibly in accordance with laws.
- MAS Engineering Consultant employees will not use corporate assets or business relationships for personal use or gain.

E. Enforcement:

- Any infractions of this code of ethics will not be tolerated and **MAS Engineering Consultant** will act quickly in correcting the issue if the ethical code is broken.
- Any employee found to have violated this policy may be subject to disciplinary action, up to and including termination of employment.

5. QHSE Policies:

MAS Engineering Consultant quality, health, safety, security and environmental (QHSE) mission is to ensure that quality, health, safety, security and environmental considerations remain top priorities for management and for all employees. Prevention of accidental risk and loss from process failure is a recognized, integral part of our continuous improvement culture.

QHSE is a line management responsibility that requires visible commitment, leadership and involvement. Our proactive QHSE culture shall be understood, shared and practiced by all employees as an integral part of everyday business. Fundamental to this culture is our belief that all losses of people, property and process result from management failure and are preventable. We envision a quality and service culture that enables us to exceed customer expectations, actively involve all employees in the continuous improvement process, and enhance profitable growth. To enact this vision, we will:

- 1- Define and respond to customer expectations.
- 2- Adapt to changing and expanding business conditions and market opportunities.
- 3- Differentiate our service capability from the competition.

A- Quality, Health, Safety, & Environmental (QHSE) Policy:

The long-term business success of **MAS Engineering Consultant** depends on our ability to continually improve the quality of our products and services while protecting people and the environment. Emphasis must be placed on ensuring human health, operational safety, environmental protection, quality enhancement and community goodwill. This commitment is in the best interests of our customers, our employees, our stockholders and those in the communities in which we work and live.

MAS Engineering Consultant requires the active commitment to, and support of QHSE from all employees. In addition, line management has a leadership role in the communication and implementation of, and ensuring compliance with, QHSE policies and standards. We are committed to:

- 1- Protect the health and safety of our people at all times and in all circumstances.
- 2- Eliminate QHSE accidents and events.

- 3- Provide a framework for the setting of QHSE goals and performance objectives, and the use of an effective management system.
- 4- Monitor, evaluate and continually improve our QHSE performance through the definition of operational standards, training, assessments and audits.
- 5- Be fully prepared to respond to any QHSE emergency.
- 6- Minimize our impact on the Environment through pollution prevention and control of emissions, the efficient use of natural resources and the reduction and recycling of waste.
- 7- Educate our employees, and business partners on the safe and environmentally responsible use of our services and products, and how their actions can influence QHSE performance.
- 8- Communicate openly with interested parties about our QHSE policy, programs and performance.

We are committed to the proactive integration of QHSE objectives into our management system at all levels, actively reinforced by reward programs that recognize outstanding QHSE performance demonstrated by our employees and contractors.

The commitments in this Policy are in addition to our basic obligation to comply with IBC standards, as well as all applicable laws and regulations where we operate. This is critical to our business success because it reduces risk and adds value to our products and services.

B- QHSE Strategy:

- 1- No accidents.
- 2- No loss to process.
- 3- No harmful emissions.
- 4- No health-related incidents.
- 5- No lapses in security this zero defect culture shall be attained through:
 - Visible commitment, leadership and involvement of line management tied to incentive objectives.
 - Standards of mandatory QHSE training for all personnel.
 - QHSE training provided through state-of-the-art learning techniques.
 - Maximized efficiency and synergy through sharing resources.
 - QHSE integration in all product development.

C- QHSE Management System:

MAS Engineering Consultant QHSE Management System defines the principles by which we conduct our operation with regard to the quality of our services and products; the health and safety of our customers, employees, and communities where we work; and protection of the environment.

This QHSE philosophy shall be communicated to all employees, customers, contractors and third parties associated with our business.

The QHSE Management System model comprises eight interrelated components:

- 1- Policies and Objectives.
- 2- Commitment and Leadership.
- 3- Organization and Resources.
- 4- Supplier Management.
- 5- Risk Management.
- 6- Design and Planning.
- 7- Assessment and Continuous Improvement.
- 8- Implementation and Monitoring.

6. Reference Projects List:

A.Plumbing & Mech. Utilities Reference Projects						
No.	Project Name	Location	Description	Owner	Period	Budget
1	Om Al Kora University	Makah - KSA	Sports & Social Compound; 300,000 mt ² – Irrigation , Storm Collection, Potable & Sewer Infrastructure Networks Design & Service Buildings Interior Design	Om Al Kora University	1-2011 Till 12-2012	20,000,000 SAR
2	Royal Hospital	Alexandria - Egypt	Hospital Building; 2000 mt. ² x 6 Floors- Medical Gases, Water Supply & Sewer Systems Design & Supervision	Royal Hospital	1-2010 Till 6-2014	1,500,000 LE
3	Petrojet Admin. Building	Alexandria - Egypt	Administrative Building; 2200 mt ² x 6 Floors - Water Supply & Sewer Systems Design & Supervision	Petrojet Company	6-2010 Till 8-2013	1,800,000 LE
4	Exxon Mobil Fuel Plant	Alexandria - Egypt	Abu Qir Port Diesel Fuel Plant Refurbish; 130 mt ² – Mech. Utilities Design & Supervision	BP Company	1-2011 Till 9-2012	850,000 LE
5	Rosana Resort	Alexandria - Egypt	Commercial Residential Resort; 275,000 mt ² - Water Supply & Sewer Systems Design	Omran Misr Investment Co.	6-2010 Till 12-2011	10,000,000 LE

No.	Project Name	Location	Description	Owner	Period	Budget
6	Riyadh Techno Valley (RTV)	Riyadh - KSA	Hi-Tech City For Science & Development; Phase (1) 900,000 mt ² - Water Supply & Sewer Systems Design	King Saud University	6-2009 Till 8-2012	30,000,000 SAR
7	California Residential Complex	Riyadh - KSA	Residential Complex; 110,000 mt ² - Water Supply & Sewer Systems Design	Shiekh Mohamed El-Bawardy	6-2008 Till 8-2012	3,000,000 SAR
8	Tanta Green Towers	Tanta - Egypt	Commercial Residential Building; 4000 mt ² X 10 Floors - Water Supply & Sewer Systems Design	Green Towers Investment Co.	1-2010 Till 9-2012	5,000,000 LE
9	RIO Resort	Alexandria - Egypt	Commercial Residential Resort; 112,000 mt ² - Potable & Sewer Infrastructure Networks Design	Lagoon Investment Co.	3-2010 Till 12-2011	8,000,000 LE
10	Long Beach Resort	Red Sea - Egypt	Commercial Residential Resort; 320,000 mt ² ; Buildings Potable & Sewer Systems Design	Egyptian Arab Land Bank	6-2008 Till 12-2009	12,000,000 LE
11	Veterinary Medicine Faculty Ext.	Alexandria - Egypt	Educational Building; 21,000 mt ² - Potable & Sewer Systems & Infrastructure Networks Design	Alexandria University	6-2009 Till 12-2011	1,700,000 LE

No.	Project Name	Location	Description	Owner	Period	Budget
